Sector	Central Services Sector
Department	HR Operations Department
Reporting Relationship	Director , HR Operations

PURPOSE OF THE ROLE:

The Executive, Payroll & Benefits is responsible for the accurate processing and administration of employee payroll and benefits programs within the Human Resources department. Operating under the supervision of the HR or Payroll Manager, this role ensures that payroll data is entered and maintained correctly, monthly payroll cycles are supported efficiently, and all employee benefits — such as allowance, health insurance, business missions — in line with organizational policies. The role also serves as a first point of contact for employee queries relating to compensation and benefits and other operational services, while maintaining the highest standards of data confidentiality.

KEY RESPONSIBILITIES:

You will be responsible for the following but not limited to:

Payroll Administration

- Enter and update employee data in the payroll system accurately and in a timely manner, ensuring all records reflect current employment details.
- Review payroll data — including base salary, allowances, and deductions — prior to each payroll run to verify accuracy and completeness.
- Support the preparation of the monthly payroll cycle under the direct supervision of the responsible manager.
- Monitor the disbursement of various allowances and verify employee entitlements in accordance with applicable company policies.
- Process and update any changes to salaries or allowances in the system, including promotions, adjustments, and contractual amendments.

Benefits & Health Insurance Administration

- Register employees in the health insurance system and ensure their records are kept up to date at all times.
- Process and follow up on requests to add or remove family members from health insurance coverage in accordance with policy guidelines.
- Coordinate with the insurance provider to resolve employee queries, address coverage issues, and ensure timely processing of requests.

Reporting, Communication & Records Management

- Prepare routine reports on payroll, allowances, and health insurance data to support management oversight and decision-making.
- Respond to employee enquiries related to salaries and benefits in a professional, accurate, and timely manner.
- Maintain and organize employee files and payroll records with strict adherence to confidentiality and data protection standards.

Salaries and Allowances

- Conduct studies and analysis of employee entitlements and dependent benefits.
- Forecast annual payments related to employee allowances
- Monitor and track allowance utilization against budget projections
- Support budget planning by estimating costs for new joiners
- Calculate financial impact of employee separations(leavers)
- Collaborate with relevant teams to ensure accurate budgeting and forecasting
- Prepare reports and insights to support financial decision-making

QUALIFICATIONS

- Bachelor's degree in Human Resources, Finance, Business Administration, or a related field.
- 1–3 years of experience in a payroll, HR operations, or benefits administration role.
- Hands-on experience with payroll management systems or HRIS platforms.
- Solid understanding of payroll processes, allowance structures, and employee benefits administration.
- Familiarity with health insurance processes and coordination with insurance providers is an advantage.
- Proficiency in Microsoft Office applications, particularly Excel.
